MT100

➲ Mobile Time & Attendance Device

Fingerprint Capacity : 1,200

Card Capacity : 3,000

Log Capacity : 50,000

Fingerprint Sensor : Infrared Auto-sleep Optical Sensor

Fingerprint Algorithm : Finger VX10.0

Communication : USB Client

Built-in RF Card Reader : 125KHz Proximity Card

(Optional 13.56MHz Mifare Card)

Battery : 2,000mA Lithium Battery

Operating Temperature : -10ºC~40ºC

Dimensiona(LxWxD) : 162 x 52 x 46mm

Ingression Protection Rate : IP65

Features :

▸ 1.44" color LCD display

▸ Fingerprint authentication, accurate and convenient and effectively stop"Buddy Punching"

▸ Robust design for shock resistant, anti-drop up to 1m

▸ IP65 rated waterproof and dustproof

▸ Low Power Consumption, Standby 7 days,

▸ Specialized for standalone time and attendance

▸ Dedicated Time and Attendance Software For System Configuration, Data Collection and making reports
